How Accel SAT Program Works?

LEVELS: Tiered Learning Process

- After registration, students either are assessed or submit official PSAT/SAT scores.
- Students are placed in classes geared toward their individual needs.
- Active participation is promoted because students feel comfortable and confident in class.
- An interactive classroom experience makes students more receptive to learning.
- Students move through their selected programs to achieve their goal scores.

Mission

800

Tier 4: 670+

Tier 3: 560–660

Tier 2: 500–550

Tier 1: below 500

There are 4 different class tiers. Each tier is a 12-class course.

Math & English Enrichment

Accel Academy's math and English Elementary through High School Enrichment Program helps students stay ahead and achieve the highest grades in their school classes by focusing on strengthening students' skills in and knowledge of math and English.

The goal is to foster a love of learning and promote a sense of self-confidence that will allow students to achieve as much as possible.

One-On-One Tutoring

Every student is unique. **Everyone learns differently**, and the instructional approach needs to be altered for each individual student's learning style especially, if the student struggles in a certain area. One-on-One private tutoring will **cater to each student's own personal goals, needs, strengths, and challenges**.

For those who want to strengthen a particular area in just Math or English, One-on-One tutoring can be **extremely effective**. It can be **the most time and cost effective** ways of overcoming difficulties.

Those students who are struggling in their English and/or math classes at their regular full-time schools or who need special attention in order to succeed in their SAT/ACT/PSAT preparation can come to Accel after school or on Saturdays to get special private tutoring from our certified, professional full and part-time math and English teachers. **Virtual tutoring is also available for students who are not able to attend sessions on campus.**

Students at Accel receive quality instruction in all levels of college exam prep, elementary, middle, and high school mathematics and English literature, composition (essay writing, etc.), grammar, and vocabulary.

**From \$85/hr. to \$150/hr.
depending on campus and subject**

**Minimum
4 sessions (2 hours/session)**

**Small group tutoring is also
available at a lower rate.**

The material taught by the Accel program was challenging yet effective in preparing me for the SAT. Its contributions to my SAT score cannot be understated, though this class is no walk in the park. **-Edward Zhang**

Accel is very helpful and worth your time and money. I went from a 1040 for my PSAT score to a 1420 for the real SAT. **-Cindy Yuan**

As an International student, I came to Accel for almost 1 year. I made a lot of improvements on my SAT as well as my English during this progress. The English and math teachers are really kind and helpful. We often had conversation after class. They taught me to become a better test taker, a better thinker, and a better person. I am forever grateful to this place, and I will definitely recommend this place to those who want to do well on their SAT. A special thanks to the grammar queen. **-Harry King**

Participated in the summer and winter program. The combination of Ms. Parris' English lessons and Mr. Pak/Mr. Kim's math practice led to great improvement in my SAT score. After scoring a 1380, I improved to a 1440 and eventually a 1520. Definitely recommend. The teachers are very dedicated and helpful. **-Allen Wang**

My son accomplished a great achievement after he took SAT class in Accel Academy. We are very happy about his SAT score and appreciate the education he obtained from Accel Academy. We strongly recommend this place for every student. **-W G**

Very happy with my progress that I made here! Ms. Parris is amazing and helped me increase my RW score immensely! 11/10 if you are serious about getting a great score, come here! **-Justin Ko**

One-on-one tutors can teach you the knowledge behind each category, but Accel goes beyond. Each teacher knows the tricks to each category that is guaranteed to make taking the SAT's so much easier. I also found it beneficial to listen to other student's questions. Even if I were to get a problem right, there may have been an easier method to a math problem, or a different approach to an essay that is more effective than what I wrote. Connections with teachers last forever. My Accel teachers helped me with my college essays! I still use the knowledge I learned from Accel when writing my essays. Accel is by far the BEST way to prepare for the SAT's! **-Linda Wu**
