How Accel SAT Program Works?

LEVELS: Step-Up Learning Process

- After registration, students either take a placement test or submit official PSAT/SAT scores.
- Students will be placed in different levels of classes based on the scores.
- Active participation is promoted because students feel comfortable and confident in class.
- An interactive classroom experience makes students more receptive to learning.
- After completing one level, students can move up to higher levels to achieve their goal scores.

Mission

800

Level 3: 670+

Level 2: 560-660

Level 1: 500-550

Intro. Level: below 500

There are 4 different levels of class. Each level is a 12-class course.

Math & English Enrichment

Accel Academy's math and English Elementary through High School Enrichment Program helps students stay ahead and achieve the highest grades in their school classes by focusing on strengthening students' skills in and knowledge of math and English.

The goal is to foster a love of learning and promote a sense of self-confidence that will allow students to achieve as much as possible.

Triple Purpose

English Class

English 4, 5, 6; Middle School English; High School English

Math Class

Weeks		12	12	12	4
Day of Class		Saturday	Saturday	Saturday	3 days/wk
Class Length	Math	2.5hr	2.5hr	2.5hr	2.5hr
	Eng.	2.5hr	2.5hr	2.5hr	2.5hr

One-On-One Tutoring

Every student is unique. **Everyone learns differently**, and the instructional approach needs to be altered for each individual student's learning style if the student especially struggles in a certain area. One-on-One private tutoring will **cater to a student's own personal goals, needs, strengths, and challenges**.

If the student wants to strengthen a particular area in just Math or English, One-on-One tutoring can be **extremely effective**. It can be **the most time and cost effective** way of overcoming the difficulties.

Those students who are struggling in their English and/or math classes at their regular full-time schools or who need special attention in order to succeed in their SAT/ACT/PSAT preparation can come to Accel after school or on Saturdays to get special private tutoring from our certified, professional full and part-time math and English teachers.

Students receive quality instruction in all levels of college exam prep, elementary, middle, and high school mathematics and English literature, composition (essay writing, etc.), grammar, and vocabulary.

**From \$85/hr to \$150/hr
depending on campus and subject**

**Minimum
4 sessions (2 hours/session)**

**Small group tutoring is also
available at a lower rate.**

SAT I/PSAT

ACT

SAT II

SAT Essay Test

ACT Essay Test

**4th to 10th grade
school Math and Eng.**

**Other subjects may be
available upon request**

Excellent Google Reviews

4.9

The material taught by the Accel program was challenging yet effective in preparing me for the SAT. Its contributions to my SAT score cannot be understated, though this class is no walk in the park. **-Edward Zhang**

Accel is very helpful and worth your time and money. I went from a 1040 for my PSAT score to a 1420 for the real SAT. **-Cindy Yuan**

As an International student, I came to Accel for almost 1 year. I made a lot of improvements on my SAT as well as my English during this progress. The English and math teachers are really kind and helpful. We often had conversation after class. They taught me to become a better test taker, a better thinker, and a better person. I am forever grateful to this place, and I will definitely recommend this place to those who want to do well on their SAT. A special thanks to the grammar queen. **-Harry King**

Participated in the summer and winter program. The combination of Ms. Parris' English lessons and Mr. Pak/Mr. Kim's math practice led to great improvement in my SAT score. After scoring a 1380, I improved to a 1440 and eventually a 1520. Definitely recommend. The teachers are very dedicated and helpful. **-Allen Wang**

My son accomplished a great achievement after he took SAT class in Accel Academy. We are very happy about his SAT score and appreciate the education he obtained from Accel Academy. We strongly recommend this place for every student. **-W G**

Very happy with my progress that I made here! Ms. Parris is amazing and helped me increase my RW score immensely! 11/10 if you are serious about getting a great score, come here! **-Justin Ko**

One-on-one tutors can teach you the knowledge behind each category, but Accel goes beyond. Each teacher knows the tricks to each category that is guaranteed to make taking the SAT's so much easier. I also found it beneficial to listen to other student's questions. Even if I were to get a problem right, there may have been an easier method to a math problem, or a different approach to an essay that is more effective than what I wrote. Connections with teachers last forever. My Accel teachers helped me with my college essays! I still use the knowledge I learned from Accel when writing my essays. Accel is by far the BEST way to prepare for the SAT's! **-Linda Wu**
